Marco Oppel

Computer Science Graduate at University of South Africa | Aspiring
Web/Software Developer

Oudtshoorn, Western Cape, South Africa

Summary

I'm an aspiring web/software developer passionate about creating practical, user-friendly solutions. My journey in the tech world is driven by a desire to build products that positively impact people's everyday lives. Products that are simple, easy to use and effective.

When I'm not creating solutions, you'll probably find me gaming on my PC, reading books about history and politics to learn more about the world around me and its past, or watching some Premier League Darts on a Thursday night!

Experience

SuperApp

Web Developer Intern

February 2025 - February 2025 (1 month)

George, Western Cape, South Africa
