Marco Oppel

Full-Stack Web Developer

Oudtshoorn, South Africa
LinkedIn | Github | Website
Phone: (+27) 0825676013
Email: marOpp02@outlook.com

OBJECTIVE

Junior full-stack web and mobile developer with hands-on experience building scalable applications. Skilled in designing responsive front-end interfaces and integrating RESTful APIs. Familiar with Agile methodologies, version control (Git), and modern DevOps tools like Vercel. Committed to building clean, accessible, and maintainable solutions for real-world use cases.

EDUCATION

University of South Africa — *Diploma in Information Technology*
MARCH 2022 - JUNE 2025

- Graduated Cum Laude (GPA 3.8)

Langenhoven Gimnasium — *National Senior Certificate*
JANUARY 2016 - DECEMBER 2020

- Achieved distinctions in English FAL, Information Technology, and Computer Applications Technology

PROJECTS

KnowYourConstitution1996 – Live Site | GitHub Repository

A responsive civic tech web app for accessing South Africa's 1996 Constitution.

- Built using **React**, **TypeScript**, and **TailwindCSS**, with a focus on clean, accessible UI/UX

- Integrated the **ZAConstitution1996 API** to display constitutional content dynamically

- Wrote open-source consumer documentation for public use of the API

- Deployed via **Vercel** for performance and scalability

- Manage domain hosting and DNS through **Xneelo**

SKILLS

- JavaScript & TypeScript
- React.js
- Angular
- TailwindCSS
- Express
- C#
- ASP.NET
- SQL
- Git & GitHub

SOFT SKILLS

- Self-Motivation
- Analytical Thinking
- Problem Solving
- Communication

CERTIFICATIONS

- **Professional Certificate in Computer Science for Web Programming by HarvardX** – edX
- **Angular – The Complete Guide (2025 Edition)** – Udemy
- **C# .NET with MS SQL Complete Beginner to Master 2025** – Udemy
- Full List of Certifications

ZAConstitution1996 API – [Documentation](#) | [GitHub Repository](#)

A public-facing **ASP.NET Web API** for querying South Africa's 1996 Constitution.

- Built with **ASP.NET Web API, C#, Entity Framework Core** and **SQL Server**
- Designed and implemented **RESTful** endpoints to support legal and civic applications
- Fully open-source with autogenerated **Swagger** documentation for developers
- Optimised for integration into educational and legal platforms

Personal Portfolio – [Live Site](#) | [GitHub Repository](#)

A personal developer portfolio to showcase skills and projects.

- Built with **Angular, SASS, and TypeScript** and deployed via **Vercel**

- Highlights projects, skills and qualifications

- Responsive design and mobile-first layout
